

Clifford Brown, Red Rodney, Louis Armstrong...

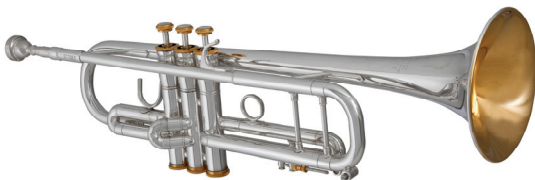

They all played Blessing horns - *how about you?*

The BTR-ML1 trumpet by Blessing is a direct descendant of the famous Blessing Super Artist model. Those Blessing instruments were played by such world renowned artists as Clifford Brown, Red Rodney, and Louis Armstrong. Blessing makes today's ML1 much the same way as it made the Super Artist models - most important, with the same bell and the same hand hammered craftsmanship.
